Carter Glass Issues Warning As Means to Curb Another Loan

CONGRESS MUST ACT WISELY

Loan Issue Cannot Be Avoided if Large Expenditures Keep Up

WASHINGTON—If congress does not enter upon new fields of large expenditure or reduce taxes, Secretary of the Treasury Carter Glass announced today, the government will be able to meet its indebtedness without calling upon the country to bear another Liberty loan issue.

The secretary of the treasury prefaced this statement with an array of figures showing a reduction of \$759,522,840 in the gross debt of the country since Aug. 30 and corresponding large reductions in the floating debt on loan certificates and unmaturing treasury certificates of indebtedness.

"It will no doubt be recalled," said Secretary Glass, "that on Sept. 8, in announcing an issue of tax certificates, I made certain statements concerning the government's financial position and prospects for the balance of the calendar year and said that the turn of the tide had come. Now that the figures at the year's end are in hand it appears that my most sanguine expectations have been more than realized.

"On the basis of treasury daily statements, the government's gross debt on Aug. 30, 1919, was \$26,596,701,648. On Dec. 31 it amounted to \$25,537,78,807, a reduction of \$759,522,841.

"The floating debt (unmaturing treasury certificates of indebtedness) on Aug. 30 was \$1,201,139,050. On Dec. 31 it amounted to \$3,578,455,000, a reduction of \$2,377,315,950.

"The portion of the floating debt requiring to be refunded (so-called loan certificates) on Aug. 30 amounted to \$2,123,887,500. On Dec. 31 it amounted to \$1,326,661,000, a reduction of \$797,226,500.

"The loan certificates outstanding on Dec. 31 were of issues maturing Jan. 2, Jan. 15, Feb. 2, and Feb. 16, 1920, and have been or will be paid from cash on hand Dec. 31 and from the proceeds of the sale of tax certificates thereafter issued, thus consummating the treasury's plan for financing the unliquidated portion of the war debt in such a way as to avoid any large funding operations.

"As to the future it may be stated positively that unless congress should enter upon new fields of large expenditure not included in the treasury's estimate or should make a reduction in the amount of taxes, in addition to the reduction made a year ago upon the recommendation of Secretary McAdoo from about \$6,000,000,000 to about \$4,000,000,000, we may look forward confidently to the retirement of the floating debt out of the taxes provided by existing law and miscellaneous receipts coming within the general head of war salvage (although further issues of tax certificates in diminishing amounts will be necessary from time to time in the intervals between income and profits tax installment payments), and to the gradual reduction of the funded war debt through the operations of the Liberty loan bond purchase fund and sinking fund already created by law.

"On the other hand, should congress embark upon new fields of large expenditure or further reduce taxes it will as I have already indicated, be clearly necessary to revise the treasury's plans and call upon the country to finance the resulting deficit by issue of a new Liberty loan."

"The industries of the country must go out and seek markets abroad, must reduce prices at home and abroad to a reasonable level, and create or co-operate in creating the means of financing export business.

OFFICIALS TAKE STEPS TO GET RID OF DANGEROUS BRIDGES

PLAN PARLIAMENT OF INDUSTRY

TELL MILLER TO INVESTIGATE

GLASS SAYS: LEND EUROPE NO MORE

By CARTER GLASS, Secretary of the Treasury.

THE treasury has strongly held the opinion that this government should, at the earliest possible moment, discontinue lending money to other governments.

I have urged that private initiative should be restored and that credits for purchases in the United States should be obtained through private channels.

Since Armistice Day, the consistent policy of the treasury has been, so far as possible, to restore private initiative and remove governmental controls and interferences. It has been the view of the treasury that only thus can the prompt restoration of healthy economic life be gained.

The embargoes on gold and silver and the control of foreign exchange have been removed, as well as the voluntary and informal control of call money and the Stock Exchange loan account.

The control exercised by the Capital Issues Committee over capital issues has been discontinued. Thus the financial markets of the United States have been opened to the whole world and all restrictions removed that might have hindered America's capital and credit resources, as well as its great gold reserve, from being available in aid of the world's commerce and Europe's need.

Men must go back to work in Europe, must contribute to increase production. The industries of Europe, of course, cannot be set to work without raw materials, machinery, etc., and to the extent that these are to be secured from the United States, the problem of financing the restoration of Europe belongs primarily to our exports.

Governmental financial assistance in the past and talk of plans for future government of banking aid to finance exports have apparently led our industrial concerns to the erroneous expectation that their war profits, based so largely on exports, will continue indefinitely without effort or risk on their part.

To them will fall the profits of the exports and upon them will fall the consequences of failure to make the exports.

The industries of the country must go out and seek markets abroad, must reduce prices at home and abroad to a reasonable level, and create or co-operate in creating the means of financing export business.

"WOMAN WITH THE SERPENT'S TONGUE" WRITES LIFE STORY

Mrs. Herbert Asquith. All Britain is excited over the announcement by Mrs. Herbert Asquith, wife of the former British premier, that she will shortly publish the story of her life as told by herself. Mrs. Asquith gained great notoriety some years ago following the publication of the poem by William Watson, a British writer, entitled "The Woman With the Serpent's Tongue," of which she was said to be the original. Now the public is impatiently waiting for her own story.

MOTHER AND CHILD DIE FROM BURNS

Explosion of Lamp Caused Death of Two Canton People

CANTON—Mrs. Frederick Neidenthal, 48, brewer, and daughter, Christina, 5, are dead as the result of burns received when a lamp which Mrs. Neidenthal had filled with gasoline in mistake for kerosene, exploded at their home Saturday. Both died in Massillon City Hospital Sunday night.

When the lamp exploded the little girl's clothes caught fire. The mother attempted to extinguish the flames, but her own clothes ignited and both were fatally burned.

Mrs. Neidenthal threw the lamp to the bottom of the stairs, where it was seized by her son, Elmer, aged 10, who threw it out of doors receiving serious burns.

The lad, however, rushed half a mile for a doctor to minister to his mother and sister's injuries.

Mrs. Neidenthal is survived by her husband and eight children.

INCOME TAX TO BE TACKLED

Republicans Plan Flat One Percent Rate on All Incomes

COLUMBUS—The Ohio legislature was returning to Columbus Monday to resume the troublesome work of trying to find new sources of revenue to run the \$25,000,000 state government in 1920.

Contrary to reports that have been spread during the lawmakers' two weeks' recess, the legislature proposes to tackle a new income tax bill.

Word came out of Republican state headquarters Monday that the Smith tax limit law would not be repealed or even cracked.

Republican leaders said Monday they will try to put thru a state income tax with a flat rate of one percent on all incomes. The exemptions will be \$1,000 for an unmarried person and \$2,000 for a married person with \$200 exemption for each dependent.

The bill will apply to corporation incomes, as well as to individuals, but will exempt public utilities companies.

The legislature has enough unfinished business before it to keep it busy for several weeks.

Among the important matters that will be considered aside from taxation are increased pay for state employees, proposed legislation extending the scope of the state bureau of markets, a proposed constitutional amendment providing for home rule in taxation and state prohibition enforcement legislation.

GEN. WOOD SCORES "REDS" NEW YORK—Major General Leonard Wood, in an address at the Passaic, N. J. Y. M. C. A. Sunday, advocated deportation of alien "reds" and the trial of the citizen radical element. He urged more careful selection and training of immigrants and declared they should be thoroughly informed of our institutions before being permitted to enter the country.

ASSIST CONGRESS WITH LABOR

Three Hundred Members to be Named if Bill Passes

WILL DRAFT LABOR CODE

Executive Body Would Be Chosen to Carry Out Program

WASHINGTON—A parliament of industry to assist congress in dealing with problems of capital and labor, is to be proposed in a bill now being drafted and shortly to be introduced in the senate, it was learned Monday.

The plan was conceived some time ago but held up pending the outcome of the first and second industrial conferences called by President Wilson. It was to be presented as soon as details could be worked out.

Following the Canadian idea, the bill will call for a general industrial parliament to draw up a code for industry. This is to be the basis for future legislation recommended to congress by the industrial body.

Tentative plans call for one hundred labor members to be chosen by labor unions and other groups of the employees, one hundred representatives of capital to include business and probably professional men. A third group will probably be added to represent the public composed of 500 or 100 members. This part of the plan has not been worked out definitely, it was said.

"Criticism of the proposal as being too unwieldy is anticipated," the author of the bill said Monday, "but is based on the theory that the industrial congress will be a melting pot of all sides affecting capital and labor and that complete representation of all groups is necessary."

Out of the scores of ideas and viewpoints represented, legislation to be recommended to congress can be formed.

The bill itself will call on the president to call an industrial parliament as described. It is then expected that the parliament will make itself a permanent body. Drafting a code of principles relating to recognition of collective bargaining, living wages and peaceful settlement of disputes the chairman said the organization would have, according to present plans.

It is also contemplated that a body similar to the war labor board—to be the executive body to carry out principles approved by the congress and enacted into laws shall be set up.

Girl Wife Will Give Up Her Baby

CHICAGO—The unborn baby of Katherine Helms was assured of a home Monday. Altho the expectant mother has not yet decided to whom the child will be given, she said Monday the chance first task the manager of the Diamond Motor Truck company here.

A Mrs. DeCamp made an offer but she insisted the child must be a girl and as Katherine said, "There's no telling—is there?"

Mrs. Helms who was deserted by her husband, announced she would be unable to care for her coming child, and decided to offer it for adoption before it was born.

179 VIRTUES FOR IDEAL MAN

Churchgoers Say What Model Gent Should Be

CLEVELAND—The "ideal" young man must possess 179 virtues.

This was the conclusion of some 500 churchgoers who at the request of Rev. Dr. H. S. Fritsch of the Hough Avenue Congregational church, prepared a symposium of virtues and endorsed the multi-tude selected.

Honesty, religion and cleanliness head the list. Neatness and cheerfulness were near the top. Cleanliness, good mixing and a good job came next. They were followed by good manners, sense of humor, education, courtesy, courage and industriousness.

Fifty young women inserted the following:

He must have good looks; he must be able to dance; he must be jolly; he must not flirt; and sexual expression the belief that he must be blond, and still others liked him "tall and dark."

USES HIS BODY AS PLUG TO PREVENT SINKING OF BOAT

When the vessel "Ganee" tore a hole in its bottom on the Plymouth rocks off the English coast, Ernest Brown, Cornish fisherman, on board the boat, wrapped himself in sails and worked himself into the hole to stop the leak and keep the boat from sinking until it could be towed into a harbor. He remained in the hole for four hours.

Engineer Miller will probably have his recommendations ready within the next few days—at least by the meeting of council, to be held next Monday night. Before that time he will probably report his findings to the board of control.

"The thing to do is to build a concrete retaining wall over the ledge which supports the old structure on East North street," Engineer Miller said Monday. "Then the bridge can be done away with entirely, the piers filled in, and paving laid. This will join the East North street bridge," he stated.

It is probable his recommendations to the board of control will be along the same line.

The attention of bridges over the city was noted in the report of Engineer Vaughn Miller, made Saturday to the service director.

DIRECTORS IN

Elmer McClain, attorney, was inducted into office Monday morning as Lima's new service director under the administration of Mayor Frank A. Burkhardt. McClain served in the world war, after attending an officers' training school and gave liberally of his time to his country. He resides at 560 West Spring street.

Fred H. Fisher, real estate agent, the new safety director, was also on the job early Monday. The first work the two did was to attend a meeting of the board of control. Fisher resides at 517 South Elizabeth street.

McClain announced his policy in a statement given to The News Sunday morning.

Fisher, on assuming the office Monday, made the following announcement:

"In assuming the duties of my office I am doing so with a full intention of conforming to the administrative announced policy. I have given to Lima good government along strict business lines and to openly correct such abuses as are dangerous to public welfare."

"I will insist that discipline shall be maintained in the police and fire departments. Insubordination will not be tolerated."

"I will have an open mind on all matters pertaining to my departments and will gladly weigh and consider all suggestions that speak for betterment."

KING NAMED

Rev. J. Norman King, former pastor of Olivet Presbyterian church, was selected clerk to the service and safety directors of the city, at a meeting of the board of control Monday. He will assume his new duties next Monday.

Rev. Mr. King resigned his work in the ministry to take up the service of his country. He won the distinguished service cross in the world war for bravery. At the time he entered the service he was pastor of Olivet church.

During the time he was abroad his wife, Mrs. Kathleen King, remained in Lima and was foremost in doing her work. He sur- Miss Ruth Keating, who has lost the position and who is acting within a few days, for California to spend the remainder of the winter.

FAITHFUL EQUINE SUMMONS AID FOR FALLEN POLICEMAN CINCINNATI—When Wallace Speer, mounted patrolman, was made unconscious by a fall from his horse Sunday night, the horse galloped to the police station, a mile away to call help. Follow officers were led to the injured patrolman by the animal.

YEGGS ROB GAMBLING HOUSE TOLEDO—Yeggs pried off the door of the safe in John Koeh's gambling place here early Monday, getting \$10,000 in Liberty Bonds and other securities and \$228 in cash. The robbers broke locks on two doors leading into the room.

TWO WHISKEY STILL ARE UNCOVERED IN CLEVELAND CLEVELAND—Ten men were under arrest and the operations of the largest still yet uncovered here were ended Monday, following a police drive against violators of the prohibition act.

Two stills, one of 30 gallons capacity and another of 10 gallons, were founded in the care of Steven Skerda. The raids also yielded several hundred pounds of raisin juice.

DELEGATES NAMED FOR LEAGUE

First Inter-National Body Will Name Executive Council

PARIS—The executive council of the league of nations will be organized Friday at 10:30 a. m. It was learned Monday.

Because of the failure of the United States to become a member of the league, the council will have but eight members, instead of nine originally planned.

The delegates will include: France, Senator Leon Bourgeois; Great Britain, Earl Curzon, of Kedleston; Italy, Vittorio Scialoja, foreign minister; Japan, Baron Matsui; Belgium, Senator La Fontaine, and Greece, M. Politis. The Spanish and Brazilian delegates have not yet been named.

Spain, Brazil, Belgium and Greece have been appointed to represent the interests of all smaller nations.

The council's first action, it was said, will be to organize administrative commissions for the Danzig and Saar plebiscite areas.

Solution of the Fiume situation by the conference of allied leaders here was confidently expected to be reached by Wednesday. An agreement by that time is essential so Premier Nitti may return to Italy with a project acceptable to the Italian government, it was said. Italy, in the opinion of peace conference leaders, will not enter into the proposed Anglo-French-Italian alliance, until Fiume has been satisfactorily disposed of.

The new alliance, it is understood, is bound up in the recently created inter-allied military body, of which Marshal Foch will be the head.

This body Saturday replaced the inter-allied grand general headquarters.

STRANGE DISEASE APPEARS IN OKLAHOMA VILLAGE

TULSA, Okla.—Five hundred persons, one fourth of the population of Skiatook, 16 miles from here, are reported by physicians to be seriously ill with a strange salady which baffles the state health department. Several deaths have occurred.

A physician expressed the opinion that the disease was a mild form of cholera. The sickness begins with an attack of dysentery, the patient losing weight rapidly, according to the report.

Are You Feeding The Birds?

Since the snow fell the members of the feathered tribe have had a hard time getting enough to keep them alive. They are depending on you to save their lives. Are you doing it?

If you are to be cheered by the little songsters next summer it is necessary that you give them some aid now. A few crumbs will do. Scraps from the table, a little suet and a little water makes a very acceptable menu for them. They will be glad if you will arrange a feeding place for them. It will take little time and trouble to sweep a place.

WILSON WILL CALL LEAGUE MEETING

First Confab Planned For Pact—U. S. Not Represented

WASHINGTON—Same head Lead all WASHINGTON—President Wilson Monday will issue the formal call for the first meeting of the league of nations next Friday, it was said at the state department today.

In calling the meeting, the president will be acting as an individual officer and a former member of the peace conference, it was explained. He could not issue a call as the chief executive of the United States, since this country is not a member of the league of nations.

It is understood the president has prepared the call, which is very brief and will make it public as soon as he gets the official word from Ambassador Wallace that plans are complete to have the league meet Friday.

Wilson is to issue the call, despite the fact this country is not a member of the league, because it was agreed when the peace treaty was being drafted, that he should perform that duty.

GREAT RICHARDS HERE TODAY

Will Appear at Bluem's and the Orpheum Theater
THREE PRIZES ARE OFFERED
Person of Mystery Will Be Here Three Days

Look sharp, folks.
The Great Richards is in Lima.
Who is the Great Richards? Man or woman?

It is up to you to answer this question for yourself.
The Great Richards will be in this city today, Tuesday and Wednesday. This mysterious person will make nine public appearances, during the three-day visit. Six times at the Orpheum, in the guise of a radiantly beautiful woman. Three other times at as many of the leading mercantile houses of the city, in the guise of a splendidly dressed, stylish young man.

In the most interesting and one of the most profitable contests ever conducted locally, the Great Richards will make the first public appearance in Lima as a man at the Bluem store at Market and Elizabeth streets, between the hours of 3:30 and 5:30 o'clock, this afternoon. There is a special sale of women's wear on at Bluem's and those who participate in the search for the Great Richards may combine business and pleasure.

To the person who identifies the Great Richards in the Bluem store, this afternoon, three presents are to be given. The Bluem store offers a \$10 merchandise order. The Lima Daily News will give a three-month subscription to The Daily News. The Orpheum theatre will give ten free first-class tickets of admission. The Great Richards is to visit each floor of the store.

The Great Richards Tuesday is to visit Ellerman's men's furnishing store, directly across from the Orpheum theatre between 3:30 and 5:30 o'clock. To the person making the identification there, Ellerman's will give a \$10 merchandise order, the Lima Daily News will give a three-month subscription to this paper and the Orpheum will give another batch of ten first class admission tickets.

Wednesday, the Great Richards will make the third and last public appearance in the garb of a man at the Hoover-Bond Furniture Store, on Public Square. Household articles of general need will be offered at bargain prices between 3:30 and 5:30 o'clock. To the person making the identification at Hoover-Bond's the Hoover-Bond company will give a \$15 merchandise order, the Lima Daily News will give a three-month subscription to this paper and the Orpheum theatre will give a batch of ten first class tickets.

EVANGELIST GETS BIG AUDIENCE

Preaches Interesting Sermons Yesterday—No Services Tonight
That the South Side Church of Christ revival now being held by the Minges Evangelistic company is making definite progress was evidenced by three enthusiastic audiences yesterday. Minges' unusual methods of presenting the Gospel message, his dramatic delivery and keen wit, together with the inspiring music are proving a great drawing card. The orchestra last night consisted of eight pieces. The song books used are those used in Billy Sunday campaigns.

In his sermon yesterday morning, on "Dear Heavenly Guidance," Rev. Minges said that every Christian should be able to give a reason for the faith that is within him and that he is able to do this thru a clear inspection of the Scriptures. To the church membership he brought the message that every follower of Christ owes a duty to the world, to his fellow Christian and to God, and without hesitation, regardless of what the world might be trumping on, told where they failed in their duties.

By seven o'clock last night the large building was packed and the services began few minutes early. Rev. Franklin, pastor of the church, had charge of the devotional services. The special music consisted of a solo with violin and harp accompaniment by Mrs. Minges and a solo by chorus director, W. M. Artoburn.

The first few minutes of Mr. Minges' address he devoted to putting his audience in a good humor and at ease. He is a master hand at dealing with the emotions of his hearers. As soon as he had his audience in a responsive mood he laid down the ground rules and got down to business. "Christ," he preached, "is the divine plan that God has for the world."

Every contest has its winners. The Great Richards is no exception. The person who identifies the Great Richards in the Bluem store, this afternoon, three presents are to be given. The Bluem store offers a \$10 merchandise order. The Lima Daily News will give a three-month subscription to this paper and the Orpheum will give another batch of ten first class admission tickets.

CLAY THOUGHT HIS AGE WOULD BE AGAINST HIM

Toledo Man is 70 But Gains Fifteen Pounds And Feels Years Younger, Now

"When I began taking Tanlac I only weighed one hundred and twenty-five pounds, but I now tip the beam at one hundred and forty," was the remarkable statement made by Lafayette Clay, a well known resident of 329 Harrison street, Toledo, Ohio, while discussing the merits of the medicine, recently.

Mr. Clay is a retired farmer and has occupied his present home in Toledo for the past fifteen years. He is now in his seventieth year, but judging from his looks no one would take him to be that old by a good many years.

"There's bound to be something unusual about Tanlac," continued Mr. Clay, "to do so much for people up in years as I am. Why, I declare, since taking it I feel almost like a young man again. I was in such a weakened condition when I started on it that I could hardly hold out to walk a block, but now I am walking four or five miles every day and stand it fine."

"About three years ago I commenced suffering with indigestion and rheumatism and started down hill at a pretty rapid rate. My appetite went back on me and I soon got so I could eat nothing scarcely without suffering. As until I had to be so free."

Mr. Clay is a retired farmer and has occupied his present home in Toledo for the past fifteen years. He is now in his seventieth year, but judging from his looks no one would take him to be that old by a good many years.

SCHOOL BUILDING INSPECTED

Chief Mack Gives Views On Existing Fire Danger

Fire Chief Mack, Frank Mullenhour, member of the board of education, and Superintendent J. E. Collins made another tour of inspection at the Lincoln school building to determine the needs to protect the 625 pupils there.

Following the trip, Mack said that he discovered that former fires there have been caused by pieces of wood left under the floor and over the furnace. He said there is a strip of asbestos six inches thick over the heating plant and that under ordinary conditions this should prevent fire in the building.

Mullenhour and Collins said that they did not believe that it would be necessary to put in the concrete flooring talked of and recommended by Mack a few days ago.

"THE PALISER CASE"

BY EDGAR SALTUS

Copyright 1919 by the Wheeler Syndicate. Every Evening in the News.

The offices of Dunwoody, Bramwell, Strawbridge and Cohen were supplied with a rotunda in which Jones sat waiting, and Jones loved to sit and wait.

Since the musician's tenement had crumbled and the soul of the violinist had gone forth, gone to the unseen ascensors who pityingly, with indulgent hands, weigh our stupid sins, since then a week had passed, during it, a paper signed by the dead had been admitted by the living, a prisoner had been discharged and for no other imaginable reason than because he had killed nobody, Lennor became a hero.

New York is very forgetful. Lennor sank back into the blank anonymity to which humanity in the aggregate is eternally condemned and from which, at a bound, he had leaped. The papers were to tell of him again, but casually, without scare-heads, among the yesterdays and evens of France. That too was later.

Meanwhile an enigma remained. Very heroically a young man had done nothing. Hurrah and good-bye! The calculations of curiosity turned on an obscure fiddler who, after murdering another young man, had succeeded in blicking the chair.

But why had he killed him? That was the enigma, one which would have been exciting, if the solution had not been so prompt and so tame. At the proceedings which resulted in Lennor's discharge, it was testified that Angelo Cara had been temporarily deranged.

The testimony, expertly advanced by a novelist who was not an expert, the reporters grabbed before the court could rule it out. The grabbing was natural. The decedent's declaration had been made to Jones who, tho not an alienist, was the teller of tales that have been translated into every polite language, including the Japanese, which is the politest of all. Moreover, have not the mendacious been properly subdivided into liars, damned liars and expert witnesses? To Verdun with the lot! Mr. Ten Eyck Jones was certainly not an expert, but certainly too he was somebody, he was a best-seller and in the way we live now, the testimony of the best-seller is entitled to very editorial respect. The court might rule his testimony out, city editors saluted it.

Jones' little invention did wash therefore and, in the washing, poured

ed balm by the bucket over the father of the murdered man.

Then, gradually, like everything else, except war and the taxes, both murderer and murdered were dropped in the great dustbin of oblivion that awaits us all.

In the rotunda, meanwhile, Jones sat kicking his heels. It was in the morning, and always in the morning Jones was invisibly at work. Now, his routine upset, loathingly he kicked his heels. But Jones had ways of consoling himself that were very common-places.

"I am doing all the evil I can, he vindictively reflected, and it was with the comfort of his animosity about him that, ultimately, he was shown into an office—bright and, on this May forenoon, very airy—that gave on Broad Street.

Dunwoody, twisting in a chair, glared at him.

"Ecce iterum Crispinus!" Jones tritely began. "What price retainers today?"

"I hoped to God I had seen the last of you," Dunwoody, with elaborate, old-fashioned courtesy, replied.

Jones, disdaining to be asked, drew a chair.

Viciously Dunwoody eyed him.

"What the devil do you want?"

Jones smiled at him. "That decision."

"What decision, sir?"

"The one I cited when I brought you the paper that secured Lennor's discharge."

"Damme, sir, nothing of the kind. I would have had him discharged any way."

Jones' smile broadened. "You seem capable of anything. It is a great quality. Believe me, if I thought you lacked it, you would not now be enjoying my society."

"You flatter yourself strangely, sir. If you have nothing to say, don't keep on saying it."

"On the contrary, I am here to listen to you," Jones agreeably put in. "I want your views on the case, 'The Matter of Ziegler.'"

"Hum! Ha! Got yourself in a mess. Yaas, I remember. Been served yet? Give me the facts."

One after another, Jones produced them.

During their recital, Dunwoody twisted his thumbs. At their conclusion, he expressed himself with entire freedom. After which, he saw Jones to the door, an act which he

performed only when he felt particularly unwell. At the moment the old bulldog's lip was lifted. But not at Jones.

Broad Street was very bright that day. Its brilliance did not extend to the market. Values were departing. The slump was on. Speculators, investors, the long and the shorts, bank messengers, broker's-clerks, jostled Jones, who went around the corner, where a cavern gaped and swallowed him.

Crashingly the express carried him uptown. He did not know but that he might have lingered. There is always room at the top, tho perhaps it is unwise to buy there. At the bottom, there is room too, much more. It is very gloomy, but it is the one safe place. Jones did not think that the market had got there yet. None the less it was inviting. On the other hand, he did think he might eat something. There was a restaurant that he wot of where, the week before, he had had a horrible bite. The restaurant was nauseating, but convenient. To that dual attraction he succumbed.

At table there, he meditated on the inscrutable possibilities of life which, he decided, is full of changes, particularly in the subway; whereupon a tale in Perrault's best manner occurred to him.

A waiter, dourish and yet infinitely dreary, intervened. Jones paid and went out on the upper reaches of Broadway. The fairy-tale that he had evoked accompanied him. It was charming as only a fairy-tale can be. But the end, while happy, was hazy. He did not at all know whether it would do.

Abruptly he awoke.

"Will you come in?" Cassy was saying.

She had her every-day manner, her every-day clothes, her usual hat. Jones noting these details, inwardly commended them. But at once, another detail was apparent. The entrance to the room where the Bella figlia had been succeeded by a

CORTO - the Radiator Classic

DESIGNED by Louis Courtot. For more than 200 years his people of the Jura, France, have lived in a world of charm, creating and producing artistic things. With inborn talent, this family of artisans in metal seek ever to refine the common articles of the household with graceful forms or surfaces which enrich them with the genius of art.

Wherever elegance of proportion and refined lines are demanded to fit architecturally-chaste surroundings, this radiator classic, the CORTO, lends unusual distinction.

30% less space. 25% less weight

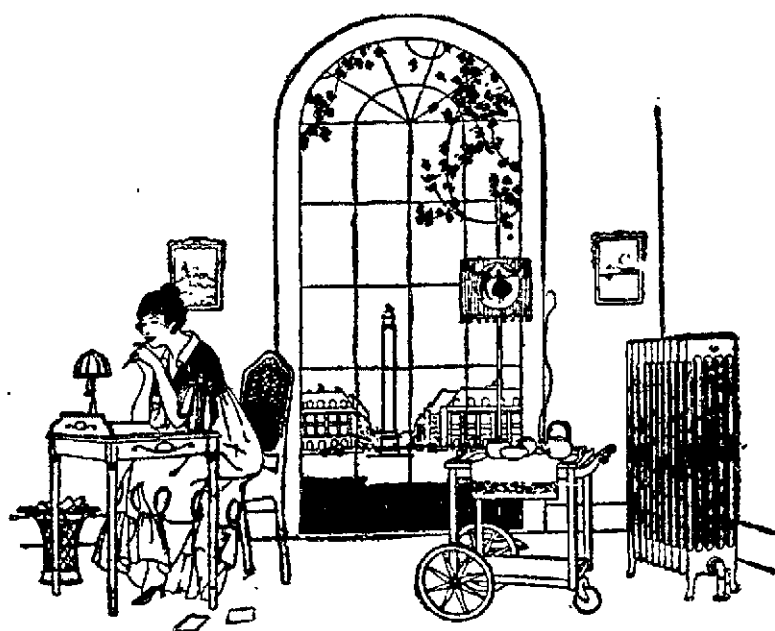

To those with whom utility is paramount, it need only be said that the CORTO, with its light, graceful tubes occupies 30% less floor space than any other type of radiator. The refinements reduce the weight one-quarter. There is far quicker circulation and venting. Utmost comfort is the result.

Our service obligation

We wish to give assurance that this new product will be attended by the same prompt and thorough service which has accompanied our goods in the past.

Inquiries cordially welcome

We are receiving many orders from home-lovers for replacement of their present radiators. It will interest you to see the dainty Parisian catalog, "CORTO, the Radiator Classic." Inquiries cordially welcomed

Other People's Money

THE FAMILIAR income tax collector will soon take another census of our pocketbooks. It is time to inquire where all this money is going and how much of it is being wasted. It is so easy to spend other people's money.

IN THE FISCAL year 1918, with the war on, the cost of running the government was \$8,000,000,000, not counting loans to the allies. Yet here comes a peace-time congress and proposes spending \$9,000,000,000 in 1921, of which about \$3,500,000,000 will represent a deficit now being rolled up!

APPARENTLY WE could save \$1,000,000,000 a year by going to war again!

TAXPAYERS SHOULD GET firmly in mind that Congress is spending more than seven times as much as it cost to run the government in 1916. The increase is more than the total cost of government for any two years prior to the Spanish-American War. It is more than the total of the national debt Oct. 15, 1915. The acid test is that those enormous expenditures are not showing up in the form of better government.

NO WONDER the yearly tax bill of the average family, figuring direct and indirect taxation, is now \$235. No wonder high officials predict no tax reductions in the near future.

BIG GOVERNMENT officials take turns urging the people to fight the cost of living by practicing economy. This is sheer impudence, unless they take their own medicine. The government should set the example by ending its orgy of spending.

PUT THE FOOT down hard on new appropriations and apply a sharp paring knife to present estimates. That is what a corporation would do if it found itself \$3,500,000,000 in the hole at the end of a fiscal year.

Professors' Salaries

THE AVERAGE annual salary of the 1863 instructors employed in the colleges of Ohio is \$1445 or \$28 a week is shown by the latest figures, just published in the report of the state superintendent of public instruction for 1918. Forty colleges in the state are reported, the figures being furnished by the offices of the various presidents. State and municipal institutions are somewhat in the lead of endowed and denominational colleges, the average salary in the public universities being \$1740 as against \$1240 in the privately supported ones. Since these figures were submitted no considerable salary increases have been made in any college of the state except Oberlin, where the scale has been advanced approximately 50 per cent.

COMPARISON OF THESE figures with averages published in connection with the numerous drives for enlarged endowments now being conducted by universities outside Ohio indicates that all that is being said elsewhere of the superior incomes of illiterate foreign laborers to those of the men entrusted with the higher education of our sons and daughters is true here. The only difference is that the average salary of the Ohio professor is still lower.

Good Place to Start

SUGGESTIONS FROM East Siders that the new administration remove the old bridge on East North street should be heeded. This is one of the most dangerous places in the city and if allowed to remain in its present condition will sooner or later cause a serious accident if not the loss of life.

THIS BRIDGE is of no value, is condemned and is unsafe even for pedestrians. It could be removed and the pit under it filled in for paving without great cost. Prompt steps should be taken by the new officials who went into office on a platform among other things pledged to remove dangerous crossings. We have none worse than this. It would be a good place to start.

THE VIADUCT over the L. E. & W. railroad on the Wapakoneta road should not be overlooked. There is crying need for that improvement and it should be pushed to a speedy completion.

The Engineer's Report

THERE IS much food for thought in the annual report just filed by City Engineer Miller. Among his recommendations, he urges that early lettings of improvement work be made in order that the work may be started as soon as weather permits.

THIS HAS BEEN overlooked in the past, but it would be a good practice for the present administration to adopt. Street paving should be ready for the contractor to start as soon as the first good weather comes. This may be made a banner year for the city if prompt action is taken, but we cannot let contracts in the late summer and expect to accomplish much.

The Counting of Noses

THE CENSUS TAKING has started, and all of us who live most of our days in the darkness of obscurity will know the pleasurable thrill of being interviewed, says the Toledo Blade. The questions to be asked are somewhat restricted and formal, but the patient enumerator will not object if we move a little off the beaten track and tell him that though a little eccentric Uncle Peter was not really what you would call crazy, mention that at the last census we gave the names of two setter dogs as members of the family and insist that we never profited in sugar. It can be made a happy occasion by the practice of courtesy, and we understand it is left to the enumerators' own judgment as to whether they may help to lower the visible supply of cigars made for the Christmas trade.

MISS LIMA: "Women Admitted to the Bar," says a headline. But, what's the use—now?

ONE SCIENTIST still contends that the earth is flat. Well, it does seem that sometimes, doesn't it?

D'ANNUNZIO, the ex-aviator evidently wants to take over the government of his country. He probably is proceeding on the theory that an ace beats a king.

HOW TO MAKE MONEY

Told By Henry Ford—Detroit Auto King

By B. C. Forbes

Editor of Forbes' Magazine

"To make money, make quantity."

That is the Ford motto.

which his business is built.

In Jan., 1914, the world was

startled by Henry Ford's an-

nouncement that he would pay all

his unskilled workmen a mini-

mum of \$5 a day and reduce the

working hours from 10 to eight.

The news caused such an in-

vasion of Detroit that the police

were powerless to handle the

thousands of clamorers for em-

ployment, and finally the fire de-

partment had to turn out in force

and charge the mob with volleys

of water from their most power-

ful hose, a species of disorganiza-

tion and excitement not repeat-

able, as no man is now engaged

who has not lived for six months

in Detroit.

Thus in February, 1914, under

the new plan, less than 16,000

men, working only eight hours a

day, made 26,000 cars against

only 16,000 cars made by fully

16,000 men in the previous Feb-

ruary working 10 hours a day,

and increase of 10,000 cars. The

plan paid with a vengeance.

Five months after the profit-

sharing scheme, as it was called,

went into effect, the average bank

account of the beneficiaries had

increased almost threefold, the

value of homes owned by them in-

creased almost 90 per cent, the

value of lots bought on contract

increased 125 per cent, life in-

surance among the men increased

nearly 90 per cent, and the num-

ber of employees living under un-

satisfactory conditions was re-

duced from 23 per cent to only

1-1-3 per cent.

The profit-sharers now include

several hundred ex-convicts, a

class in which Ford takes intense

interest.

"The only way to mend a bad

world" says Ford, "is to create

a better world. The way to cre-

ate a right one is to give people

enough to live on so they are

not discouraged, and want to go

into destruction."

Having satisfied his workers,

Ford next announced that he

would distribute \$10,000,000 or

more than his year's profits among

his customers, provided that a

certain output was reached. And,

of course, it was reached; the ac-

tual amount distributed was ap-

proximately \$15,000,000.

Ford's own share of the 1910

profits was computed at \$35,-

000,000.

No wonder Ford says: "I don't

have to worry about the banks,

they have to worry about me.

They have to sit up nights scrap-

ing together enough to pay me

my interest."

WHAT THE STARS PREDICT

This is an uncertain day.
It is a good sign under which to
seek position or favor.
Gifts have a fortunate augury to-

CHILLICOTHE MAN
DECLARED "ALL MY
RHEUMATISM GONE"

Suffered For Years With Pains in
His Joints, Muscles and Limbs;
so Nervous a Sharp Noise
Would Give Him a Shock

Declares the New Root and Herb
Remedy Drecto Gave Quick
Relief

"I have had more ease the past
week than I have known in years",
are the words of that well known
carpenter, Mr. A. Deffenbaugh of
428 North High Street, Chillicothe,
Ohio.

"My hands were so sore and fin-
gers drawn up so bad that I could
hardly pick up a board. My back
was so stiff I could not bend about
without severe pains. Every joint
in my body was affected I believe and
my muscles got hard and very pain-
ful. I became extremely nervous so
that any noise near me seemed to
shock my whole system and I could
sleep but very little.

"I had taken so much strong med-
icine for the rheumatism that my
stomach was all to pieces and my
food would not digest but lay heavy
in my stomach and filled me with
sour gas; my bowels were bound up
most of the time.

"It was marvelous how quick Drecto
gave me relief; the pains are all
gone from muscles and joints, so that
I bend and stoop about and never
have a pain. My bowels act regu-
larly; I sleep and every night and
my stomach is strong and again.
Drecto is by far the best medicine I
ever took and I strongly recommend
it."

Drecto is composed of the juices and
extracts of many different roots,
herbs, barks and leaves, which act
on the stomach, kidneys liver and
bowels and purify the blood. It re-
lieves constipation, prevents gas
forming in the stomach, increases the
appetite, insures sound, refreshing
sleep, banishes catarrh of the head
and takes the pain out of rheumat-
ic joints.

All good druggists now sell Drecto
and it is highly recommended in
Lima by Baldwin's Central Drug
Store, corner Main and High streets.

Hezekiah was a cynic; nothing ever
went just right;
Thinks were always wrong at his
place every morning, noon and
night.
Pessimism was his hobby and he
loved to make complaint.
And his peevish mannerisms surely
would provoke a saint.
Never missed a chance to worry; said
he always was afraid
That he would die in the poorhouse,
and he saved each cent he made.
Never had a moment's pleasure; life
was earnest and was real.
Always looking for disaster; always
ready for a squall.
Always certain that the country was
a-going straight to smash.
So he spent his entire lifetime hoard-

ing up the sordid cash.

Obadiah was his neighbor—always
happy, never glum;
Always had a funny story, and he
loved to make things hum.
Smoked and chawed and had good
victuals; never mindful of expense.
When a circus reached the village
he'd be sittin' on the fence.
Went to all the funerals reglar;
cheered the mourners up a lot;
Let his farm work go to tophet and
was Johnny-on-the-Spot.
Life was nothing but a picnic, that's
the way it looked to him;
And he got into the spirit of exist-
ence with a vim.
Both passed out a long way back and
troubles worry neither one.
Hezekiah had the money. Obadiah
had the fun.

Miss Abbie Whistler of Chicago is

NOT US

Dear Roy—If whisky wouldn't
kill us I ask, in a "spirit" of friend-
liness, wood alcohol. LEAVIN.

There was a gentleman in the west
who knew more about horses than
he did about women. In fact, he was
a cowboy and associated with horses
all his life.

About three months ago he got
married and his wife accompanied
him to town every time he went. The
other day he arrived in town alone
and someone asked him where his
wife was.

"Oh, I'm not married any more,"
he said. "My wife broke her leg last
week and I had to shoot her."

A good many have sworn off drink-
ing wood alcohol and sworn off per-
manently.

In Russia, according to a returned
traveler, the girls pay handsomely
for the men who are willing to marry
them because a married woman is
comparatively safe. They pay as high
as thousands rubles for a husband
which goes to show that husbands
are variously estimated in various
countries. In this country, for in-
stance, how different it is. Only last
week we read of a Missouri woman
who traded her husband for a second
hand Ford.

HEALTH
ADVICE

By William Brady, M. D.

NO GERMS ON HAND TODAY

Sometime ago I said in an article
entitled "What Germs Have You on
Hand?" that the hands can and un-
iversally do carry living germs cap-
able of causing serious illness, and
that hand infection is the thing mod-
ern surgeons and nurses labor so
hard to prevent and the menace
which hangs over the lying-cham-

ber. I also said that perfect clean-
liness, PLUS trained aseptic intelli-
gence—which only the hospital
trained nurse can acquire and apply
—protect patients from these ever-
present dangers. But I quoted from
a personal communication from one
of the foremost bacteriologists of the
country who took occasion to say
that certain disease germs, such as
diphtheria bacilli, survive on ob-

jects in the sick room for as long
as 40 to 60 days according to his ex-
perience in making bacteriological
cultures. I had stated in a preced-
ing article that disease germs sur-
vive many minutes away from their
host, that is, the body of the person,
animal or insect that harbors them.

Dr. Lawraon Brown, of Trudeau,
N. Y., an authority on tuberculosis,
has been carrying out some interest-
ing tests in collaboration with Mr.
S. A. Petroff and Dr. Gilberto Pas-
guera. These investigators were un-
able to demonstrate by culture or by
inoculation of guinea pigs the pres-
ence of tubercle bacilli in the DUST
from a room occupied by a patient
with many bacilli in the sputum and
a cough so explosive that the patient
seldom had time to cover the mouth.

They were unable to find any tu-
bercle bacilli on the MOUTHPIECE
OF THE TELEPHONE used in com-
mon by the patients at Trudeau.
Inoculation was negative in these
tests also.

They even failed to produce tu-
berculosis in guinea pigs by ex-
posing the animals directly to dust in-
halation for half an hour. However,
dust inhalation is a unquestionably
precipitated infection of the lungs
with tuberculous in other animals
experiments, and probably does so in
human beings.

EATING UTENSILS which ordi-

narily come in CONTACT with the
lips or mouth were found contami-
nated with tubercle bacilli, but such
utensils which ordinarily do not
touch the lips or mouth were not
found contaminated. Thus SPOONS,
FORKS, GLASSES and CUPS used
by tubercular patients were con-
taminated with bacilli; knives and
plates remained free. Doctor Brown
and his collaborators assert that, as
J. W. Price has proved, ordinary
washing and rinsing in very hot wa-
ter is sufficient to sterilize such uten-
sils.

Attempts to recover tubercle bac-
illi from the HAND of a second per-
son who had just shaken hands with
a tubercular patient who had pur-
posely coughed repeatedly in his
hand, failed. Likewise it proved im-
possible to find tubercle bacilli on
the doorknob repeatedly handled by
a patient whose sputum contained
many bacilli and who purposely
coughed repeatedly into his hands
before handling the doorknob.

KISSING proved a positive way of
infecting the surface kissed by the
individual with tubercle bacilli in
the sputum.

As the investigators are careful to
say, the experiments are not final or
conclusive, but merely suggest that
the ways of infection still require
study.

Newly Discovered Health

Necessity—"Internal

Hygiene"—Explained

Hygiene—the preservation of

health—has long been practiced with

respect to teeth, mouth and throat.

Antiseptic and germicide pastes,

powders and liquids are used by all

careful people.

If germs in the mouth cause tooth

decay and other ailments how much

more freely will they breed inside

the body—in the internal organs—

where they are hidden and can ply

their evil workings unseen and un-

heeded?

For the purpose of providing a

laxative of pleasant taste, mild and

thorough action which, at the same

time, would tend to sterilize and dis-

infect the digestive tract and help

provide protection against the germs

which breed in the intestines, Parola

—"The Doctor in Candy Form"—has

been invented.

Because Parola has this double

purpose and comes in the form of

delicious, palatable peppermint loz-

enges, it is not to be confused with

ordinary old-fashioned laxatives.

Remember—there is nothing "just

the same" or "just as good" as Pa-

There is really no reason why men
or women with thin, watery blood
and consequent poor health should
remain in that unfortunate condition.
Thin, nervous, run-down, tired peo-
ple never get much happiness out of
life.

Men and women with the bloom of
health in their cheeks, a cheerful,
sunny disposition and an attractive
personality are the folks who get
most of life's enjoyment, pleasure,
and success.

Gude's Pepto-Mangan furnishes
thin, watery blood with the necessary
nourishment to enrich it, enabling it
to supply energy, vitality, and
strength to every part of the body.

Physicians recommend Gude's Pep-

anemia because its beneficial and
lasting qualities are well known to
the medical profession.

Gude's Pepto-Mangan is obtainable
in either liquid or tablet form. Both
forms contain exactly the same

When you buy Pepto-Mangan of

SOCIETY AND THE CLUBS

BY MARGARET SIMPSON

The marriage of Miss Margaret McElvain, daughter of Mr. and Mrs. E. N. McElvain, of 327 West McKibben street, to Frank L. Doyle, of Chicago, was solemnized Saturday morning at 8:30 o'clock at the St. John's church. Miss Ruth Runger, an intimate friend of the bride, and Aldous Cantwell attended the couple.

The bride wore a charming gown of blue tulle, with hat to match. Her corsage bouquet was of bride's roses and sweet peas. Her maid of honor, Miss Runger, was gowned in blue satin and carried pink roses.

Immediately following the ceremony an elaborate wedding breakfast was served at the home of the bride's parents. The color scheme of pink and green being carried out. The centerpiece of the table was of pink roses. Covers were laid for the bride couple, Miss Ruth Runger, Miss Freda Fleming, Miss Miriam Clippinger, Miss Francis Hagerman, Miss Sara Hanna, Miss Lucille Ford, Miss Margaret Talbot, Miss Paul Bersee, Mrs. J. C. Vogelsang, Mrs. Wolfe, Mrs. W. J. Baumgardner, Oldous Cantwell, Mr. and Mrs. McElvain and daughters, Misses Ruth Catherine and Harriet.

Mr. and Mrs. Doyle left for Chicago, where they will make their future home.

FASHIONABLE NANCY

To many it would not occur to use a soft, long monkey fur in trimming both the edge and drape of an attractive double cape; Yet Nancy's done that very thing. And now the fashion's in full swing.

Mr. and Mrs. W. S. Michael, of Harrison avenue, entertained with a surprise affair at her home on Friday evening, in honor of her husband, the occasion being his birthday anniversary. Cards and music were the favorite pastimes of the evening and at the conclusion of the cards Mrs. Earl Truesdale, and Irwin Michael held high score and Miss Helen Schindler, and W. J. Michael were second. At 10:30 o'clock a delicious buffet luncheon was served.

Guests of the evening included: Mr. and Mrs. M. Mr. and Mrs. L. C. Snyder, and daughter, Nedra Jean, of north Baxter street, left Sunday for Troy, where they will make their future home.

Love and Married Life

AN UNCOMFORTABLE DAY

"DID the nurse or the doctor intimate to you that your accident and illness would leave you with any chronic difficulty?" asked John when we were settled in the car.

"No, dear, I am perfectly well, except from weakness," I answered.

John gave a sigh of relief, but said nothing more until we arrived home.

"I don't think mother will have ordered dinner for us," he volunteered as he helped me up the steps. "I told her we would not be home."

"But, John, if you had asked me about it, I would have told you that I was almost sure that I would not have the strength to any more than to greet our friends. To sit through one of the hilarious Wednesday night dinners at the club would certainly be more than I could stand on my first outing. Don't mind me, however, I don't care for anything to eat."

"But I do!" he said, gruffly, and instead of helping me upstairs he fairly pushed me into the room where Madam Gordon was dining in solitary state. She looked up in disapproving surprise.

"I thought you were not going to come for dinner," she said.

"Katherine thought she was not strong enough to stand a dinner at the club," answered John.

Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin.

Millions now use his famous prescription

Physicians know that good health depends largely upon proper digestion and elimination and that much sickness results from constipation. No one knows this better than the "family" doctor, the general practitioner.

Dr. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was graduated from Rush Medical College back in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formulator of that prescription is fortunately living to see its wonderful success.

Women, children and elderly people are especially benefited by Dr. Caldwell's Syrup Pepsin. While it is promptly effective on the most robust constitution and in the most obstinate cases, it is mild and gentle in its action and does not cause griping and strain. Containing neither opiates nor narcotics, it is safe for the tiniest baby and children like it and take it willingly.

Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home. Where many live someone is sure to need it quickly.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 914 Washington St., Monticello, Illinois.

closed my eyes wearily. "I haven't been noticing lately what food the nurse has been giving you, but now that she is gone I will take your diet into my own hands. Tomorrow morning I want you to eat a beefsteak, creamed potatoes, and I'll let you off the wheat cakes if you promise to eat a generous portion of oatmeal. I can't have an invalid on my hands for the rest of my life!"

Now She's Sure of It.

I had suspected John had heard Elizabeth Moreland's speech, and now I was sure of it. I had been so happy at the club! Everyone but Elizabeth had seemed so glad to see me, and now it was all spoiled! I had come home to find John giving to a servant \$10 for the slightest service, while his wife had to borrow from his sister. Wearily, I made up my mind that I would never get well if John took care of me in his high-handed fashion, and yet I did not know how to broach the subject of going away for a time.

"I'll ask Alice what to do," I said to myself.

"Pape's Cold Compound" Then Breaks Up a Cold in a Few Hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the griping misery.

The very first dose opens your clogged-up nostrils and the air passes in the head, stops nose running, relieves the headache, dizziness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

CENTRE PRAYERS PLAYED DAILY

BY HENRY L. FARRELL
NEW YORK — Only two of the seven had failed to score all season.

It was the final game of the year and for one of them the last of his career.

In the last half, Captain "Bo" McMillen, called his Centre College squad around him on the field and framed some new plays not in the repertoire.

They worked and Bell and Van Antwerp scored their first and last touchdowns of the year.

That was the spirit that made a winner of the Kentucky college and put the "scrappin' cryin' prayin' team" in line for the national championship title, according to Coach Cahillie Moran.

At a dinner tendered him here by Centre College alumni, the National League umpire and miracle man of football, gave some close-ups on last season's gridiron sensations.

"Come on, brother," was the battle slogan of the team on the field, Moran said. It was the byword started on the line and taken up by the backfield interference as they plunged thru the line making holes for the runner.

The boys were together in everything they did. They prayed and cried together before the game and fought together on the field. Moran said.

PRAYED BEFORE GAME
The prayer preliminary carried out regularly before every game started in 1917 before the Kentucky state game and were carried out religiously thereafter.

"It was an unusual occurrence," the coach said. "One of the players who frequently led in prayer had to be disciplined for using

cross words on the field. They prayed and cried before they left the club house. They didn't do it on the field."

The hardest game of three years in which they lost only one game, was against West Virginia last season. In the first four minutes of play, West Virginia scored. McMillen later had a cartilage torn in his side and finished the game bound with a two-inch layer of tape. Murphy, the 120-pound back, was tossed by a tackler into the second tier of the grand stand and was put out of the game for three weeks. But the team kept on fighting. And they won.

In the same game a stunt pulled by "Red" Roberts kept him from being a candidate for all-American full-back.

"It was Centre's ball on her own 12-yard line," Moran said. "Roberts dropped back to punt. He kicked at the ball and missed it a mile. West Virginia recovered but was held for downs in the shadow of the goal."

Asked about his prospects for future, Moran said:

"I have them in my pocket."

And he pulled out a little red book with numerous names.

He explained that he keeps a scrap book with clippings of all high school and prep school games. At the close of the season, he analyzes them all, interviews the coaches of the best prospects and then goes after them.

"We have no inducements to offer them, but a coach by a personal visit can do a lot of persuasion," he said.

Moran expressed a doubt that it would appear behind the plate in the National League next summer. "I have other things in mind," he said.

TO GRAPPLE FOR TITLE

SACRAMENTO, Calif. — Should the Dempsey-Carpenter fight, articles he signed and the fight he under the jurisdiction of Jim Coffroth, the latter may find difficulty in holding the battle at Tia Juana, his original site.

Governor William D. Stephens Monday announced that he would ask the Federal government at Washington to impose passport restrictions that would prevent the big battle at Tia Juana.

The Governor's statement follows:

Gov. Stephens' statement follows: "According to press dispatches, it is proposed that a prize fight between Jack Dempsey and Georges Carpentier shall be held at Tia Juana. The negotiations and plans are going forward in a large part within the state of California in disregard to the law thereof. It is planned to step across the border and there consummate something but is unlawful within our state and law circumvent our statutes. "It is my duty to command re-

spect for the laws of California. I shall therefore feel obliged, if necessary, to make protest to the Federal government and request that it exercise its powers of regulation and control of the international boundary so as to prevent the holding of the contest.

"REFUSE TO TOLERATE FIGHTS."

"The people of California have refused to tolerate the evil influence growing out of such pugilistic encounters and have declared them to be unlawful. These intolerable influences would be the same if the contest were held in Tia Juana as if held in San Diego or elsewhere in our state."

BASKETBALL RESULTS

The Yale basketball five defeated Columbia 33 to 29 in an intercollegiate league game Saturday night. Princeton defeated Dartmouth 21 to 8 at Princeton, N. J.

Wisconsin defeated the gods of Great Lakes 33 to 15.

FIGHT PROMOTERS WILL HAVE JOB FINDING LOCATION

By HENRY L. FARRELL

NEW YORK — The rasping voice of old trouble has injected a few notes of discord into the lullaby that has been playing for Jack Dempsey. It will grate, also, on the ears of the promoters angling for the Dempsey-Carpenter fight.

The managers and the competing promoters for the world's championship fight have been groping around behind dark glasses. They have kept their eyes busy on columns of figures and have lost sight of the biggest stumbling block in the path—getting a place to hold the fight.

These promoters who want the fight staged in France, or England, are on Easy Street, compared to the faction that would like to see the title decided near some American railroad.

The first voice crying in the wilderness comes from California, where Governor Stephens is reported to have taken an official wallop at the fight. Rather than allow the promoters to beat California laws on a technicality, by holding the battle just across the line at Tia Juana, he will appeal to the federal authorities to refuse passports to the ringsters.

Like Tex Rickard, who signed up Dempsey and Willard and then set out on a quest for a place to hold the

fight, the promoters are going ahead just as hopeful.

New York or New Jersey seems to be the favorite spots, but both are hypothetical hopes. New York has to pass a boxing law and New Jersey must legalize lounge bouts than eight rounds to meet the bill.

This is under way as the New Jersey fraternity, feeling sure that the Walker boxing bill will pass the legislature, has already put the boxing commission on the job to get longer bouts to compete with New York, where 12 rounds would be permissible under the proposed law.

Charles B. Cochrane, the London promoter, who wanted the title fought for in London, seems to have been influenced by the trend toward America and he claims to be willing to have Carpentier fulfill his contract with him in America. He announces that he has received an attractive offer to stage the fight in New Jersey and has cabled Descamps for an answer.

William Fox, the \$550,000 bidder, has expressed no concern over the problem. He claims that he can stage the fight in such a manner that no reasonable objection can be made against it.

Kearns so far seems to be playing one promoter against the other in the

hope of boosting the price. He has given none of the 17 bidders a definite answer and has remained silent on the ultimatum of Fox to act quickly on his offer.

WOULD FIGHT LOCAL BOY

The sporting editor of the News has received word from Dayton, Ohio, saying that Keefe Maley of Dayton, is ready to meet Jack Dahill local boxer, or any other man of Dahill's weight in this vicinity.

Manager C. R. Goldzwig, 427 Savings Building, Dayton, will be glad to hear from Dahill.

In regards to the ability of his man Goldzwig says that Keefe is slated to meet Hope Mullin in the near future and that his followers are betting 10 to 7 that Mullin is beaten.

SOX TRAIN AT WACO
CHICAGO — The White Sox will train at Waco, Texas, according to announcement by Secretary Grabner Monday. Thirty five players are expected to start south between March 12 and 14. Grabner said.

MOTHER STILL IS GEORGES' BOSS

By H. E. Bechtol
PARIS — Georges was late to dinner and "Mother" Vanhillebroucq was worried.

Suddenly the door swung open and Carpentier swung in, raising his hands against the scolding he knew was coming.

The kind-faced, gray-haired old lady who had "mothered" the European champion ever since he was a kid, let loose an angry torrent of French after he kissed her cheek and dashed laughing up the stairs.

I had been talking to madame, and she turned to me, demanding to know if she wasn't right in scolding him, when he came in late. He was a bad boy. A terrible boy—then she smiled a little.

Manager Francois Descamps, her son-in-law, came in and she told him all about it.

Then Georges reappeared, and the whole room laughed at her as he came in shielding his head with his crooked arm.

"I MUST WATCH HIM ALL THE TIME," SHE SAYS
"I must watch him all the time. He is a lousy boy," she said. "When he is in training I go walking with him."

"And the girls must scamper."

"They scamper!" she replied. "I do not blame them—he is so handsome, Georges, Ah! and so famous and clever. And his smile!—when he smiles! But I scare them off. It is necessary."

Descamps never allows his pupil out of sight of a trusted member of the camp during training for a fight.

"Do you go to his fights?" this to Madame.

THEY WOULDN'T DARE TRY TO KEEP HER AWAY

"Of course, I do," she said. "A strange question, monsieur! I always go. Do you suppose after I have watched him train, spent hours and hours preparing food for him that he will enjoy and that will make him stronger and stronger, protecting him when he is walking, and watching over him so much as I can, that I would be present to see him fighting—fighting and winning?"

A thought entered her head. She looked menacingly at Georges and Descamps and spoke. It was a challenge:

"They would not dare suggest that I stay away."

FULTON WILL FIGHT SOON

NEWARK, N. J. — Fred Fulton is to make his first appearance since his European campaign here Monday night in an eight-round bout with Frank Moran. Both the heavyweights claim the bout will be the stepping stone to a mill with Jack Dempsey for the world's championship. Protest against allowing Fulton to fight because of his confession of "faking" with Dempsey and his subsequent retraction, was lodged with the state boxing commission, but was not allowed.

BENNY VALGER VICTORIOUS

PHILADELPHIA — Benny Valger the Frenchman, out-pointed Cal Delaney of Cleveland in six rounds at the National A. A. Delaney packed the harder punch, but his aim was poor, and he seldom landed on the shifty Frenchman. The bout was slow at times. Leo Houck, the veteran Lancaster middleweight, out-gamed K. O. Samson in the semi-wind-up and won a popular decision after getting off to a poor start.

The French featherweight, who has been campaigning for a title bout against Johnny Kilbane, the champion, has been selected as the first opponent of Lew Edwards, Australian champion, who is expected to sail for this city this week.

GOSSIP ABOUT RING GAME

NEW YORK — Champion Jack Britton will fight Jack Conway, a welterweight, of Savannah, Ga., in that city on January 30. The bout will be 12 rounds at 145 pounds.

Ritchie Mitchell, of Milwaukee, welterweight, has been asked to fight Eddie Fitzsimmons, the local lightweight, in a ten-round bout at Detroit. Fitzsimmons is practically signed up to meet Tony Zill, the Western fighter, for ten rounds at Detroit on February 4.

Jack Sharkey is matched to box Jabez White, of Albany, N. Y., at Detroit, January 21. Sharkey fights Johnny Buff, of Jersey City, next Thursday night in Jersey City.

Ralph Brady, of Syracuse, lightweight, and Joe Tiplitz, of Philadelphia, have been matched to meet in Syracuse in a ten-round bout Monday night.

All arrangements for the return battle in Detroit, between Battling Levinski and Clay Turner, the Indian fighter, have been completed. They will come together in a ten-round bout on January 28.

FORECAST AND COMMENT BY ESTHER WAGNER

FAUROT — "The Market of Souls," the new Paramount picture at the Faurot, is unquestionably the most dramatic picture yet presented with Dorothy Dalton in the stellar role. Its treatment is flawless, the acting and direction all of the highest standard and the settings, gowns and other detail of the most magnificent character. Interest is there and suspense, particularly in the scenes of the spirit's appearance, is high. Miss Dalton surpasses the fondest dreams of her most enthusiastic admirers and gives further evidence of her ability to dominate and sway audiences as she is doing now in New York's greatest dramatic success "Apprehend." The picture has many strong situations but none that are offensive. On the whole it is one of the rare pictures of the season. It is accompanied at the Faurot by the Pathe News and a new Briggs comedy, "Burglars." Last times tonight.

RECENT — Considered by all who have seen it, "Beckoning Roads," showing for the final time at the Regent tonight, is a most engrossing photoplay and one which deserves all the praise it is receiving. Bessie Barriscale is one of the most popular luminaries of the screen and in this production she has the excellent support of such celebrated players as Joseph J. Dowling (who is best remembered for his characterization of "The Miracle Man"), Niles Welsh, one of the best young leading men of the screen; Thomas Holding and Dorcas Matthews.

Is It "Just a Cold"?

Lima People Should Ask Themselves This Question

Don't say: "It's just a cold." It may turn into backache, rheumatic aches, achy joints.

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion. Congestion makes the kidneys overwork to filter the blood.

Colds often leave the kidneys weak. First break the cold:

Then use Doan's Kidney Pills to avert the kidney danger.

Let this Lima resident tell you about them.

Mrs. Margaret Griffin, 529 East North street, says: "Last winter I caught a cold which settled on my kidneys and I had nagging pains across my kidneys. Nights I couldn't find a comfortable position. I used Doan's Kidney Pills and before long my kidneys were acting as they should and the backache was entirely gone. Doan's cured me in such a short time I think they are wonderful."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Griffin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

NEW YORK — Most leading issues were higher at the stock market opening here Monday.

U. S. Steel opened at 107, up 1/2; Central Leather at 98 1/2, up 1/2; U. S. Rubber 134, up 1/2; Southern Pacific at 102, off 1/2; U. R. Stores at 93 1/2, off 1/2; Cuba Cane at 52 1/2, up 1/2; A. T. & T. at 97, off 1/2; Studebaker at 109, up 1/2; International Paper 85, up 1/2; Baldwin 120 1/2, up 1/2; Transcontinental at 31 1/2, up 1/2; Republic Steel at 217, up 1/2; and Republic Steel at 118, up 1/2.

After a period of heavy selling in early trading, prices were steadier and showed some tendency toward recovery at the start of the second hour. Worthington Pump gained 3 to 92 1/2. Under the leadership of Baldwin. Equipments enjoyed a fairly rally from early lows.

Traders who went short of the market just before Saturday's close on a report of a revolution in Germany, found it difficult to cover their contracts at the opening Monday.

Prices broke badly in the first half hour. Professionals seized upon Saturday's poor clearing house statement as a pretext for a general drive. American Woolen broke six points to 157; U. S. Rubber 4 to 130 1/2 and Republic 1 1/2 to 116 1/2. Steel common held well. At its low of 106 1/2, it sold at Saturday's closing figure. Pan-American dropped 4 to 97 and Mexican Petroleum 8 to 201.

Royal Dutch, New York, was active around noon, selling up 2 1/2 to 107 1/2. Mexican Petroleum rebounded sharply, recovering about 3 points from the low.

Many active issues touched their lowest prices for the day in early afternoon trading. General Motors sold down to 321 from 328 1/2. Baldwin to 117 1/2 from 121; Crucible to 212 1/2, off from 215 1/2; and Republic to 94 1/2, off from 98 1/2. Industrial Alcohol broke from a high of 112 to 110 1/2, but recovered to 111 1/2.

Mexico sold to a high of 51 1/2 and received less than a point.

Call money rose to 18 per cent in final dealings and prices among active industrials experienced another sinking spell. General Motors sold down to 319; Mexican Petroleum to 196 1/2; American Woolen to 153 1/2; Studebaker to 105 1/2; Pan-American to 94 1/2; American International to 111 1/2; and Republic to 114 1/2. Steel common's strength was the outstanding feature. Vigorous pressure failed to depress stocks more than fractionally.

The market closed lower.

PLEA IS CHANGED TO GUILTY AND MAN FINED

Charles Harrington, negro, indicted by the grand jury on two counts for embezzlement and larceny, changed his plea from not guilty to that of guilty, Monday, in court. He was fined \$10 and sentenced to 30 days in the Toledo workhouse.

In case he makes good the amount taken from W. C. Polley, north Central avenue, the workhouse sentence will be suspended.

The one indictment against Harrington was nolleed by order of Prosecutor Cable.

EXECUTOR NAMED

John F. Lindemann, Delphos, was appointed executor of the estate of James F. Ford, late of Marion township, who died January 1, in probate court, Monday. The estate consists of \$1,000 in real estate. Appraisers named were Edward J. Ford, James Renner and Mark Lindemann.

GRAIN FUTURES GO LOWER

CHICAGO — Grain futures on the Chicago board of trade Monday were slightly lower at the opening Monday, due to a statement by Julius H. Burns, president of the grain corporation, that there was a large supply of wheat and grain in the country. Later trading, however, showed a firmer market. Provisions were lower.

January corn up 1/2 at the opening, 1.38 1/2, subsequently gained 1/2. May corn opened up 1/2 at 1.34 1/2, but lost 1/2 later. July corn down 1/2 at the opening, 1.32 1/2, gained its early loss later.

May oats opened unchanged at .83, but lost 1/2 before the close. July oats was down 1/2 at the opening, .76 1/2, and lost another 1/2.

TREATY DOES NOT ABOLISH WAR

FOCH URGES PREPARATION FOR "UNFAVORABLE EVENT."

PARIS Final ratification of the treaty of Versailles here late Saturday afternoon will not forever banish war from a weary world, Marshal Foch warned in an interview today.

"It would be foolish to believe that there will be no more war merely because we do not wish to fight," Foch declared. "France and the world must draw a lesson from the struggle we have just finished. It must be a lesson of prudence with best good will."

"War is not always avoidable. It can begin upon the frontiers of the most pacific peoples — perhaps it begins easiest in such places."

"If it is true two are necessary to make a fight, it is equally true the one best prepared will win."

"I know this statement may seem obvious but that very question is causing great discussion now-a-days. There are ingenious people who believe that to leave the key in the door is the surest way to prevent entrance by thieves."

"I think it wiser to be ready for any unfavorable event."

"War no longer may be called an 'art' Foch declared. 'It now is a science and an industry.'"

"War will be evolved indefinitely as long as there are people to prepare for it," the field marshal continued. "Those who wish to avoid violence can afford to ignore anything in the way of scientific and industrial progress."

TOLEDO STRIKER DENIED HIGHER COURT DECISION

WASHINGTON — Supreme court Monday, by dismissing the appeal for want of jurisdiction, allowed decisions of lower courts to stand, holding Marry McLaughlin, Toledo, labor leader, guilty of violating an anti-picketing injunction during the automobile workers strike there last June.

McLaughlin was sentenced to five months imprisonment by Judge Kilgus for violating the injunction by heating James McCormick, an employee of an automobile plant who was returning to work despite the strike.

ELECT 1920 DIRECTORS FOR N. O. RAILROAD

Alfred H. Smith, Albert H. Harris, Harold D. Vanderbilt, John Carstensen and Leonard J. Hackney, all of New York City, were elected directors of the Northern Ohio railroad for 1920, at a meeting of the stockholders, held at the office of A. D. Peters, superintendent of the Lake Erie and Western Railroad, Monday morning at ten o'clock.

RETAIL MARKETS SHOW ADVANCE

The Model Mills announced two changes in the grain markets on Monday. Corn has advanced 10 cents per hundred making the selling price 2.20. Oats are now selling at 50 cents, to two-cent raise.

In the retail markets there are several advances. Potatoes are now retailing at 75 cents making an advance of 5 cents. There is a three-cent raise in new cabbage.

Wants Democrats to Make Decision Immediately on Pact

WASHINGTON — Senator Lodge's demand for a Democratic "showdown" on treaty compromise was answered Monday when word was sent him thru Republican "mild reservationists" that "a substantial number of Democrats, more than 20 in all, will support reasonable reservations that do not 'scuttle' the treaty."

Lodge on Saturday demanded that before any further consideration be given Democratic compromise proposals, some definite assurances be given him concerning the number of Democratic votes behind the proposals. Accordingly, Senator Owen, Oklahoma, called a conference of Democrats at his home Sunday night. Twenty Democrats attended, including Senator Hitchcock, the Democratic leader. Senators McKellar and Kendrick, authors of set of Democratic reservations; Senators Hoke Smith, Pomerene, Dial, Underwood and others.

The results of this conference, as set out Monday by Senators who attended, were:

1—All the Democrats at the conference went on record in favor of treaty ratification with reasonable reservations of the kind President Wilson described as "interpretative."

2—Democrats are not yet agreed on a definite program; the Kendrick-McKellar reservations are not acceptable to all.

3—It was the unanimous view that the president does not want the treaty into the campaign any more than William J. Bryan does.

4—There was no suggestion of a revolt against the president's leadership and no disposition to follow Bryan, altho all agree with him that Democrats should make every effort consistent with America's honor to ratify the treaty before the campaign begins.

Senator Hitchcock discussing the conference, said Monday:

"It was the largest gathering of Democratic senators to discuss reservations that has been held since the Democratic caucus last session."

HUSBAND SLUMBERED WHILE SHE WORKED WIFE ALLEGES

Mrs. Orpha Zimmerman, 120 West McKibben street, in a suit for divorce filed Monday, against Louis Zimmerman, charges he remained in bed until she has gone to her work at the cigar factory.

As a result of his idleness she and their daughter, Esther, 16, have been deprived of shelter, food and clothing, she alleges. He will not assist her in meeting bills, the petition sets forth.

They were married on Washington's birthday in Columbus Grove 17 years ago.

OIL SHARES NOW BARGAINS

Range of Leaders is Slight—Independents Suffer Loss

The range of the leading oil shares on the New York stock market and curb for the past week, has shown little change from recent low levels. Many of the better shares continue on the bargain list. In the Standard Oil, Ohio Oil and Standard of New Jersey made the biggest gains, the former advancing \$13 a share to \$388 and the latter \$4 a share to \$77 1/2. Prairie Pipe, Northern Pipe and the Standards of California, New York and South Penn were fairly active, while Vacuum was in good demand around \$436.

In the independents, Cosden was traded in for over 30,000 shares and closed at a loss under \$10; Midwest Refining was dull ranging from \$170 to \$180 and closing at the latter quotation. Skelly Oil, in which many limitaires are interested, sold down to \$12.50. On the big board Texas company lost \$13 a share during the week; Sinclair was steady for fractional loss; and Mexican Petroleum lost \$13. Oklahoma Producing was fractionally down and Ohio Cities Gas lost \$2 a share.

Short Shavings

A tragedy was enacted in a local barber shop yesterday.

A man entered and a tonsorial artist proceeded with the victim.

"Haircut or shave?" he asked.

"Gimme a shave," commanded the patron.

"Nice snow we had," began the barber.

"Just once over," the man answered.

"What do you think about the Dempsey-Carpentier fight?" asked the chin scraper.

"No not close just smooth 'em up," the man said.

"I see the league of nations is having a hard time of it," again ventured the razor wielder.

"I said just once over," answered the man.

"No, it developed was hard of hearing."

As he was leaving the shop, the barber called out: "Goodbye," but he walked out without a word.

Nursing Mothers

There is nothing so good for You and Baby as Vinol, our Cod Liver and Iron Tonic.

To impart the life giving and body growing elements to your baby, you must be in good condition yourself—you must be strong and vital, you must have real red blood, and your own food must be well digested and readily assimilated.

Vinol will give you all this. If you need strength and your baby is not doing as well as he might try a bottle of Vinol and see how much better you will feel yourself.

NOTE—Your leading druggist has for many years specially recommended Vinol because he knows there is nothing better than this famous Cod Liver and Iron Tonic to create strength and build one up. The formula of Vinol is on every label.

Your money back if it fails.
